POLICY

Effective January 1, 2014

To alleviate the parking congestion at the Marlborough Town Beach, the Board of Selectmen has enacted a policy to issue yearly parking permits and enacted an ordinance for fines for violations. Parking is in the designated spaces only and violations can result in fines.

All Marlborough residents will be offered a Marlborough Town Beach permit at the time they register their vehicles. The permits will be color coded, reflecting the year issued and include the license plate number of the vehicle. Only those residents requesting and affixing permits will be allowed to park at the beach. All vehicles without permits, excluding those parked in the designated spaces for the boat launch at Stone Pond, will be ticketed by the Marlborough Police Department, which will be patrolling the area. You will still be able to bring guests as long as they have come in your permitted vehicle.

For those residents who have already registered their vehicles for the year or whose registration does not expire until after the swimming season, you may obtain a beach permit at the Town Clerk's Office. Please remember to bring your current registration.

Marlborough residents who have caregivers that use their own vehicles for transport and are not registered in Marlborough may obtain temporary permits. These permits will have expiration dates and resident information on them. These can be obtained at the Selectmen's Office. Any other exceptions will be considered by the Board of Selectmen on a case by case basis.

The Marlborough Town Beach regulations are posted at the Town Beach
