### SELECTMEN'S MEETING MINUTES

August 29, 2021

Chairman Paight opened the meeting at 9:30 am. Also present was Selectmen Jane Pitt and Earl Nelson and Burt Torsey.

Mr. Torsey was in to speak with Selectmen about two items. First, he provided a photo of the driveway entrance into the Pine Grove Cemetery. Due to the construction on Granite Street, he said the driveway entrance was torn up and is now down to gravel in some areas. He thought if we had extra material from a future paving job, that area could be patched. Secondly, he provided a photo of the water shut off valve for the cemetery. This valve is in an area he mows and because it sticks up so high, he is worried about damage to the valve. He asked if the valve could be lowered to ground level. The Selectmen will check with the Water Operator.

Mr. Torsey left at 9:50 am.

The Selectmen discussed the floor plan of the east side addition option. Existing, west side and east side square footages were compared. The information provided by Bruce Lyman was discussed. A list of questions was prepared for the architect in regards to rearranging components of the east side option including the emergency stairs, staff office, memory hall and storage room. A reduction in square footage was discussed as the east side is currently drawn with more square footage than the west side option.

Selectman Nelson moved to adjourn at 1:00 pm. Seconded by Selectman Pitt. Vote was unanimous.
