JOB POSTING – TOWN OF MARLBOROUGH, NH

Water & Sewer System Operator

The Town of Marlborough is currently accepting applications for a full-time or part-time Water & Sewer System Operator. The Town provides water and sewer collection to approximately 432 residences and industrial/commercial facilities. The successful candidate shall be the water system Primary Operator responsible for operation, maintenance and proper function of the Town's water supply, the water distribution, and sewer collection system. This position is under the direct supervision of The Board of Selectmen and a high level of independence is required. It is preferred that the Water and Sewer System Operator live within a 30-minute commute of downtown Marlborough.

Minimum qualifications: Possession of a New Hampshire Water Distribution and Treatment Certification Grade I or higher, a Collection Systems Operator or Wastewater Treatment Plant Operator Certification Grade I or higher, and a valid driver's license is required. Knowledge of asset management, basic financial literacy, GIS mapping, water distribution principles, maintenance and repair practices, pump operation, chemical feed and basic control system troubleshooting, is preferred. The ability to work overtime and to be on-call for emergencies is required.

Salary is commensurate with experience. Job description can be found on our website www.marlboroughnh.org.
